PUERTO ANDRATX

Newly constructed town house in La Mola, with views to the sea and the Dragonera island. These unique, new style houses, situated on the top of La Mola peninsula, in an exclusive complex called La Mola Village are only five minutes drive into Port Andratx.

With only one three bedroom and one two bedroom house remaining, both feature en-suite bathrooms, sun drenched roof terraces, fully equipped granite topped kitchens, dining areas and living rooms with Italian marble floors and log burning fires, as well as individual splash pools, ground floor front and rear terraces, gardens - with automatic sprinkler systems, and spectacular sea views with all round sunsets over the Mediterranean.

These properties also have secured underground parking, reversible air conditioning, alarm systems and reverse osmosis fresh water drinking systems.
